

Prophetic Words Key – Summary

Sunday 14th July 2019 Safety Deposit Box

This morning God showed me a safety deposit box and I knew He had a message for us and in particular for the elders who are the custodians of the wealth that flows through this Church and I sensed it was way bigger than rands and cents. I felt it included resources in gifting's, distributions of goods, excellence in relationships and redistribution of wealth and I believe God is saying

“That safety deposit box is something I guard jealously – it represents what each and every one has entrusted to this body – it is vast and it is for My use in the Kingdom.

You have given generously of your resources, both financially and in kind and by My Spirit. I will strategize with you – I will use this house, this body and redistribute wealth, as you advise and strategize and help others to be competent in their dealings – your generosity will be a hallmark – resources will flow in and out of this body and the Kingdom will advance”.

7th April 2019 A consignment of goods being delivered

This Morning the Lord showed me a consignment of goods being delivered at the church – A delivery vehicle and trailer were parked at the entrance and someone was receiving and signing for the delivery And I sense God is saying

“All that you need is in that consignment – **The equipment for streamlined administration, the resources for maintenance and expansion – The Equipping of the saints with spirited gifts is all part of what I am delivering – there is nothing that you desire and need that has not been allotted to you** – Spread wide your tent curtains and lengthen your stakes – spread out to the North, West, East and West – There is a special package marked “ Handle with Care” and that contains healings for every malady – emotional, spiritual and diverse ills – my desire is that the Kingdom grows and advances without hindrance – run with the provision – hold nothing back – there is NO lack, cater for the poor – embrace, love and give!”

1st July 2018 Fragile Goods

This morning, I had a vision of a large crate, labelled “fragile” being lowered by a crane, onto a ship for delivery to a demarcated recipient. The recipient was especially chosen to deal with the fragility of the contents and I believe the Lord is saying

“This body, **this house is especially chosen to receive that assignment of fragile goods** – many will be broken and bruised, some bent out of shape! They will be clamoring for attention, not schooled in the ways of “the house” but sent by me for your attention and care. You have been especially chosen, and indeed are privileged to receive these fragile souls! I will equip and enable you for this task, to nurture, care and indeed to love, my precious ones. Prepare yourselves by being totally devoted to me, for it is out of the strength of your relationship with me, that you will be energized and resilient to walk the extra mile, required from you. Allow yourselves to be filled to overflowing by my Spirit, and it is out of the overflow that you will minister and be refreshed. You will not be depleted!”

25th March 2018 A thousand people were head counted

Early this week (20th March) I had an amazing dream. I dreamt I was at the church and a Thousand people were head- counted in the meeting and I really believe God is Saying

“Prepare yourselves for an inflow of nameless, faceless people. I am calling them in from the East, South, North and West I do nothing without warning my people. It is in demonstrations of my power that the Clarion call goes out and the people will come from the highways, the byways and the country lanes They will pour through these doors like water through opened sluice gatesThey will speak love care and healing and will need to be accepted and belonged; sheltered and nurtured. They will rise up quickly and become powerful in the things of my spirit. Equip them and Lead them and sow them out to multiply and replicate Hold nothing back ... Sow generously!! My Kingdom is advancing and the gates of hell will not prevail against it”

14th May 2017 The Mustering of an Armada

Over the last 24 hours, God has repeatedly spoken the word ‘armada’ into my spirit and I needed to check on just what it was – an armada is ‘a fleet of warships’ and this morning I sensed God saying to us’I have commissioned you and sent you forth as **a flagship to the nation** – the commanding admiral, Jesus Christ, is on board and you are taking ground in the Spirit. I am now mustering an armada around you, a fleet of warships to take back the ground that has been stolen in this nation – at all levels, from the highest echelons of government, through the institutions of learning to the schools, the families and individuals – hear My voice and go, wherever an invitation is given. Muster My army and permeate as leaven, through the length and breadth of this land – many will enlist. Lead strongly as the armada gains momentum – pirates will infiltrate, but will be detonated by the Name that is above all names. Distance yourselves from the rocky coasts and sand banks of pride and deception that would cause you to run aground, but sail out to the open seas where I lead and guide you – let the Holy Spirit be your compass and lighthouse at all times and take territory in the unseen world!! I am opening the windows of heaven – catch the prevailing wind and sail swiftly – I am on board!
